As a businessman, you'd make a terrific human being.

Some of the things you do for a living can make you feel wonderful when you do them for free. To help people living in your community.

Can you set up a budget? Motivate a staff? Program a computer? Type? Read? Tie a shoe?

Yes? Then you can help people.

In fact, there are probably dozens of voluntary organizations right in your town who would love to have you working with them. Join one. Or, if you see the need, start one.

We'll be your contact.

If you can spare even a few hours a week, call the Voluntary Action Center in your town. Or write: "Volunteer," Washington, D.C. 20013.

You'll get to know some terrific human beings. And one of them will be you.

Volunteer.
